Georges and State EMA director visits Elba

by Marvin McIlwain, Editor

Georges has come calling on Elba and Southeast Alabama, and although it has been downgraded from a category 2 Hurricane to a tropical storm, it is still making its presence known.

Since the unpredictable hurricane entered the Gulf of Mexico on Saturday, state, county and city officials have had their eyes on the storm and have been making contingency plans.

Elba residents have really not breathed a good breath since the flood in March of this year and Georges certainly did not make it any better.

Even as the hurricane made landfall early Monday morning near the Mississippi-Alabama line, local residents kept a watchful eye on Georges knowing that any change of movement to the east would not be good.

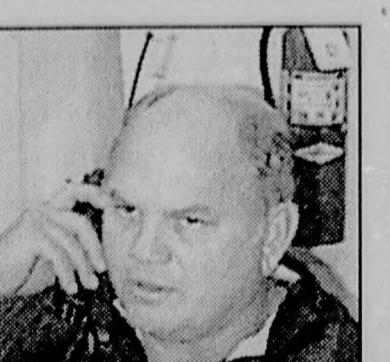

Our neighbors just to the south and west (Geneva and Covington counties) were already getting heavy rainfall and high velocity winds from the hurricane while Coffee County and Elba were getting little or no wind and rain. It was as though a curtain existed between Kinston and Covington counties.

Sure enough the hurricane came ashore, stalled and, after being downgraded to a tropical storm, decided to head east instead of north and west.

Rain and wind began moving into Coffee County, and Elba, late Monday evening. The weather really deteriorated Monday night and early Tuesday morning and the rains became heavy, extremely heavy at

times, and Elba began to experience some flooding in low-lying areas of the city.

The Brookdale subdivision area

Director Lee Helms

and the residential sections on the Kinston highway seem to be the hardest hit. Local authorities were also keeping a watchful eye on the Mulberry Heights area where Beaver Dam Creek caused the levee to break. March. Heavy rains around mid-day Tuesday caused authorities some concern about two ponds located along AL 203 (by-pass) near Beaver Dam Creek. The rising water in the ponds was beginning to run over the dam causing officials to call for the evacuation of residents near the ponds. At press time, the dams were still holding and the rain seemed to be slackening up.

Alabama's Emergency Management Director Lee Helms, accompanied by a FEMA (Federal Emergency Management Agency)

official and a representative of the Alabama National Guard, was in Elba Tuesday afternoon to check with officials and "see if there was anything else needed in meeting the emergency response."

Coffee County Emergency Management Agency Director Charlie Webb told Helms that things were going pretty good; however, some assistance was needed in getting some additional pumps to be used should the need arise.

Webb told Helms that some "gator pumps" had been sent in by the Army Corps of Engineers but there were no power units to run them. That problem was alleviated before the AEMA director left town.

Helms also brought some good news to the local officials. He told them that Coffee County had been added by Governor Fob James to the emergency declaration made for counties and cities in the western portion of the state to the federal authorities.

This declaration covers two areas of public assistance: one - the immediate protective measures (emergency personnel's overtime, etc.) and two - debris clearance. Financial support will be provided through these measures.

While the state director was meeting with local officials, he took a call from FEMA Director James Lee Whitt. Helms told the director that the levee was in good shape at this time and that some minor problems were being dealt with at the present time. He also told Whitt that there was flooding throughout the county. Whitt told Helms that he would be in Alabama on Wednesday to view the problems caused by Georges first hand.

NO IT'S NOT A LAKE...It's Moore's Creek which was turned into a "small river" by heavy rains experienced in Elba Tuesday morning from Tropical Storm Georges - formerly Hurricane Georges. The picture is behind homes located on Pine Circle, the lower entrance to Brookdale Subdivision, looking toward the bridge on AL Hwy. 189 (Kinston Highway). Elba officials monitored this area along with other areas in the city Monday as heavy rains moved through the area rather slowly.

POLICE OFFICER MICHAEL PATRICK DISMISSED

Personnel board recommendation upheld

by Ferrin Cox, Publisher

The Elba City Council met Monday evening and the only storm was on the outside of the building. Like many other buildings in the mist of the present storm, Georges, the building was showing a few cracks in the seams, as water leaked through the roof in the city clerk's office.

Mayor James Grimes opened the meeting with a prayer, thanking God for sparing Elba from the ravages of the storm and asking Him to be with those who were in the path of the destructive weather.

Police Chief R. W. Whitworth reported the department is investigating the burglary of two local business and arrangements were already in place to keep a close watch on the water situation, especially along Martin Luther King Drive, just outside the levee.

The council voted unanimously to approve an ordinance setting guidelines for the reserve police force.

Mayor James Grimes explained his was up by City Attorney Jeff Kelley and the police chief.

The guidelines are to keep the reserve officers working in the

guidelines set by state laws and liability insurance company guidelines.

A recommended budget for the coming year had been passed at the last council meeting for member to review. Grimes noted there had been no recommendation for changes and asked for a motion of approval. The vote to adopt the new budget was unanimous.

Grimes also reported on the status

of a request for two acres of land in the industrial park across from the airport. He said the prospect wanted the last remaining highway frontage, rather than the site, back in the park, recommended by the mayor. Council members urged Mayor Grimes to work with the prospect in finding an alternate.

A resolution amending a \$250,000 CDBG home buy-out grant to include land acquisition was approved by the council.

City Clerk Donnie Morrow reported city crews had had a good day contending with the heavy rains. He said recent cleaning of drainage ditches and storm drain pipes has already paid off, with most of the rain water draining off within a few minutes.

Grimes presented council members with a financial report for the first 11 months of the year. He noted that the budget overrun was due to the purchase of a new \$22,350 fire truck. That money will come out of the general fund, but from the fire department tobacco tax.

The figures on the 11 month budget show the city was only short about \$5,000 in projected revenue, in spite of the March flood and the closing on the only grocery supermarket during early 1998. Expenses for the 11 months are \$66,765 above projections, but include the fire truck and the flood expenses. Grimes had earlier given council

Cutts & Guthrie to stand trial as adults on capital murder

An Enterprise youth accused in double murder will stand trial as an adult during the March '99 term of criminal court in the Enterprise Division.

Russell William Cutts, Jr., 19, will stand trial on the charge of capital murder as an adult. Circuit Judge Robert Barr ruled on the accused murderer's request for youthful offender status last Thursday morning (September 24). He was immediately arraigned and entered a not guilty plea to the capital murder charges.

Cuts, along with Jeremy Guthrie, of Daleville, AL, has been charged in the capital murder of Russell William Cutts, Sr., 41, and Leigiane Manning Cutts, 34, both of Enterprise.

Guthrie has also been denied youthful offender status in the slaying and is scheduled to stand trial in December of 1998. Both Cutts, Jr. and Guthrie were arrested on Sunday, March 15, in Sugar Land,

Admission to the Black & Gold Show will be \$3.00 per person.

ALPHA DELTA KAPPA MONTH... Elba Mayor James E. Grimes has proclaimed October as Alpha Delta Kappa month in the City of Elba. ADK, an international society, works to provide educational excellence, personal and worldwide leadership. Currently, there are over 55,000 members in every state in the United States as well as Australia, Canada, Jamaica, Mexico, and Puerto Rico. During the month of October, Alpha Upsilon, the Coffee County Chapter of ADK will be doing altruistic activities including providing refreshments for fellow educators, volunteering at libraries and nursing homes in the name of ADK and contributing to the state altruistic fund, the Children's Hospital of Alabama. Pictured with Mayor Grimes are Janice McCall (left) and Sara Strong (right) from the Alpha Upsilon Chapter of ADK.

OPINION

BRAINSTORMS

Georges should be gone from the area by the time you are reading this column... at least that is the hopes of many. To say we were not worried, or at least concerned, would be a bald face lie and an insult to your intelligence, "cause our eyes have been on the skies and the weather reports just like yours. We can say however that we have been a bit guilty for some follow-up prayers of the past 24 hours. When it began to be clear that Coffee County would miss the worst of this storm, we had to give thanks and try to atone for the guilt feeling of wanting the storm to go somewhere else. Folks, if the weather which hit as close as Covington County Monday had been in and/or above Elba... it could have caused us great problems. But it didn't.

A number of Elba people were nervously moving their worldly goods to higher ground Tuesday. We did not, nor will we, panic for at any one of them for this action. Having been there with them during each previous disaster, we know the feelings well. Flood insurance or no flood insurance, there are things which can't be replaced with insurance money and besides, some of us gray headed folks are comfortable with our desks, chairs, etc. just as they are today and don't want to sell them to any insurance company, at any price.

A man from Ohio is enjoying his lottery winnings. A former mechanic, who suddenly ends up with \$30 million won last year, will be in a luxury suite at the Talladega Superspeedway next week. He likes the races, and said he is no longer going to be hot or cold watching them. Oh, he is taking along about 70 friends to enjoy the races and trappings of the luxury suite. The 37-year-old man quit his mechanic job and says he has not yet found another which pays his current salary... he also quit playing the lottery.

While people in Elba were mostly worrying about high water during the first part of the week, 18,000 electric cooperative households were without power as of Tuesday morning. Add in the thousands of Alabama Power customers without electric service and you see the magnitude of the problem. Some outages were experienced right here in Coffee County, from a possible tornado Monday night.

This week we saw some positive results from the efforts of city crews. A low of hours have been spent in cleaning storm drains and ditches recently and it shows. While there is still work to be done in many areas, we are seeing better control of heavy rains in the areas they have been working in. We express our heartfelt thanks.

Skinner Furniture has plans to move this week into their new building at the intersection of the Bypass and Martin Luther King Drive. While there was no way to predict this weather months ago when they made their plans, we suggest they let someone else do the planning in the future! Seriously, we congratulate them and wish them well in their brand new building. Now we need to be sure someone else moves into their previous home on the square.

Baseball history was made in a big way this year. Cardinals slugger Mark McGwire hit an incredible 70 home runs this year! Following right behind was Chicago Cub Sammy Sosa with 66 home runs. The long-standing record had been 61 by Roger Maris in 1961, who topped the great Babe Ruth's long standing 60 homers. A bit of useless information... McGwire got his record setting #70 off Montreal Expos' Carl Pavano in the seventh inning. Both these ballplayers are good guys and deserve any awards coming their way. We salute them both.

The newly formed Elba Economic Development Agency is advertising statewide for an economic development expert to take a newly created position with the Elba agency. The individual they are seeking will have considerable expertise in promoting the community, is what we are told. We wish them luck and give our wholehearted support to this new project. It is positive, which is what is necessary in today's world.

Coffee County is again declared a disaster area. Heck, we are still picking up from the last one and here we are in that category again. Governor James made the declaration today. What this does is put the entire county in position to get quick access to state and federal financial help to repair the storm damage and get people back into their homes.

SCHOOLS

JV Cheerleaders

by Kendra Ward

The Zion Chapel Junior Varsity cheerleaders attended a Cheerleading camp June 4 and 5 in the Zion Chapel High School gym. They arrived at 8 o'clock in the morning and left at 3 in the afternoon. During this time cheers, chants, a dance, and stunting techniques were taught. Jennifer English, a Troy State cheerleader, was the instructor for the camp. The JV cheerleaders are Captain Ashley Wambles, Co-Captain Amanda Perry, Ashley Wallace, Jennifer Myers, Anna Miller, Kim Rayburn, Sami Stegney, and Dana Allen. Mrs. Kelley Cobb is the cheerleading sponsor.

There is no JV football team this year so the JV cheerleaders are cheering at four varsity ballgames with the varsity cheerleaders.

See'ya At The Pole

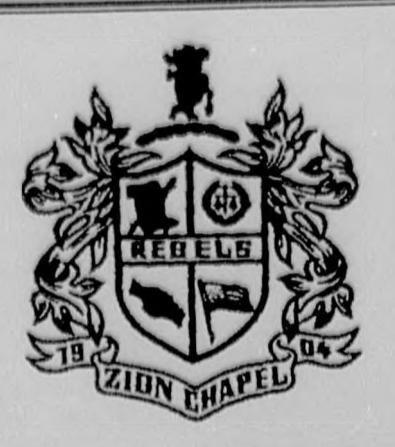

by Carissa Walker

If a person drove by a school on Wednesday, September 16 at 7:30 a.m., a person would have seen something unusual for a regular school morning. That's because it wasn't a regular school morning. Once a year, on the second Wednesday in September, students gather at the flagpole in front of their school for "See A Person at the Pole."

This year was the eighth anniversary of "See A Person at the Pole." This is a day set aside to pray for a person's school, community, state, and country. It is led by the students for the students.

Over 55 students attended this year at Zion Chapel High School. They formed a circle in front of the school and opened in prayer. Scripture was then read and discussed. Then everyone held hands and anyone who wanted to pray had a chance.

It was a moment to pray for the school, students, teachers, and to praise God.

What Do You Think...

by Blake Weeks

Recently members of the senior and junior classes were asked a question that is on the minds of many Americans; "What do you think should happen to President Clinton?" Here are a few responses to that question:

Matt Doherty: "They should wait until he is out of office. Everything that is going on is an embarrassment to the country."

Blake Weeks: "From what I've heard, he should be impeached and get some serious professional help."

Jessica Cotton: "He should be impeached. What he did was wrong."

Kendra Ward: "Clinton should be impeached because he represents our country. We don't need someone like that in office."

Daphne Jinright: "They should wait until his wife is home. It's not affecting me."

Angie Laney: "Ahh! It was wrong. Impeach him."

Michelle McIntosh: "I don't care what happens to him."

John Arnold: "I think they should wait until he gets out of office, because the United States is not any of our business."

This was the eighth anniversary of "See A Person at the Pole."

The Zion Chapel High School Junior Class has been selling magazines the past few weeks.

The profits from the magazine sales go toward financing the 1999 Prom.

The juniors had a certain quota they were supposed to meet in order to earn the supplies needed for a great prom. There are 42 juniors this year and each was required to sell \$175. If a person sold 5 subscriptions a person was rewarded with a 00 key chain. If a person sold a Readers' Digest a person got a \$5 mm camera.

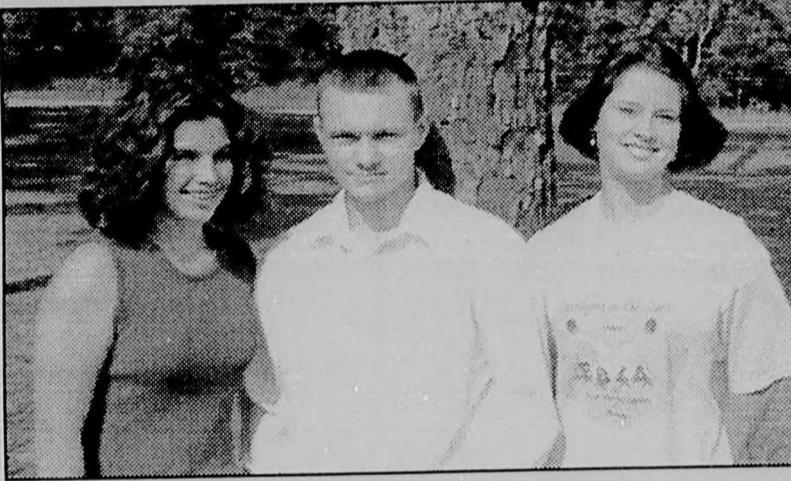

Daphne Jinright was the top seller for the first weekend and she got a bright orange air chair.

Morgan Hodge was the overall top seller with \$677.33. Her reward for selling the most was \$50.

The second place seller was

DeWayne Davis who sold \$412.23. His reward was \$30.

The junior class more than placed seller and she sold \$391.34.

ZCES's Accelerated Reading Program

by Michelle McIntosh

The Accelerated Reading Program for the Zion Chapel Elementary School is up and running.

This is a program that motivates children to read books by rewarding them points for each book they read.

Once a month the children can cash their points in for prizes of their choice.

The classes currently involved are second grade through fifth grade.

After Christmas the first grade will begin the program.

Each teacher schedules 45 minutes to an hour of Accelerated Reading per day. The students check out books through Mr. Marcus Howell, the librarian. Each student takes a test on the book after reading it. The students have to make 70 percent or above to be awarded points for reading the book. A report is printed of each student's progress after taking each test.

Last year the top readers from each class were awarded certificates and trophies. The class with the most points had a pizza party.

Mr. Bob Andrews, the principal, motivated the students by saying he would dress up as a woman if all the students' points added up to 5000 or more. The students went passed that number and Mr. Andrews kept his promise. Mr. Andrews as of yet

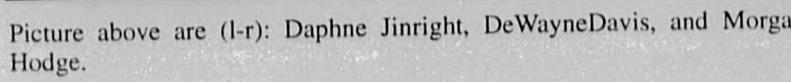

has not have to have four math credits. This required will begin with the class of 2000.

Students on the advanced curriculum already had to have four years of English and history, but only three of math and science. To keep the students on the standard curriculum from having to take the same courses as those in the advanced curriculum, Technical Math I and II were added to the course offerings.

Technical Math I and II are courses in algebra that are spread out over two years. The same material is covered but in a different way from the traditional Algebra I and II.

The same principle applies to Geometry. It is now called Technical Geometry I and II. The subject matter is spread out over a two-year period and it has more technical applications.

Technical Math I and II count as a whole credit each and Technical

4 x 4 Plan Adds Classes

by Charlie Madore

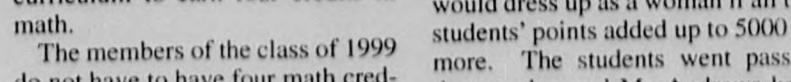

Two new classes were added to the curriculum this year in response to the new 4x4 plan. The 4x4 plan states that every student must have four years of science, history, English, and math. This is true for students on the advanced curriculum as well as the standard curriculum.

I don't know about you, but I for one am more tired of watching the Weather Channel than I am of seeing President Clinton pointing fingers. It seems like the Weather Channel has been on throughout the day for the past couple of months as we have been hit by storms, high temperatures, and now, cold fronts. And while I might be a big fan of the weather on the other channels on the TV, but in recent weeks it has gotten to the point where I would rather watch the Animal Channel, or even the Home Shopping Network to see the various weathermen stand in the rain and predict how bad the weather was going to be somewhere around the nation. Back when I was young we only had two stations on the TV, and we never worried about the weather. Now, we get over 30 channels and we are obsessed with the weather. It is good to be prepared, but enough is enough!

TIGERS REMAIN WINLESS AFTER LOSS TO GENEVA COUNTY

The Elba Tigers saw their losing streak for the '98 season reach four games Friday night as they lost to the Geneva County Bulldogs 21-20, in Hartfort. The Tigers were well rested heading into the game and twice held leading positions at the half and early in a third period in a tied team late in the game, and Geneva County was able to play "keep away" in the fourth quarter and hold on to claim the hard-fought win.

The Elba offense had its problems with the big Bulldog defense, and only moved the football once the entire game. The Tigers did put together an impressive 83 yard scoring drive late in the first half to tie the game, but on Elba's other nine possessions the Tigers never kept the ball for over 3 plays and a punt, and on those nine possessions the Tigers' total offensive output was only 4 yards. The Elba offense has got to stay on the field longer, and be more productive, if the Tigers are going to get in the win column, no matter the opposition.

The Elba defense came up with enough big plays to win most games, and came up with fumble recoveries at the Geneva County 11-yardline, 19-yardline and 2-yardline, two of which set up short scoring drives. The defense also made a key recovery at the Elba 24-yardline that stopped a potential score by the Bulldogs, and then the game made a stand at the Elba 4-yardline that gave the Tigers one last chance to pull out the win. The defensive line had passed some big licks throughout the game, it simply got tired late in the game and couldn't get the ball away from the Geneva County offense.

The physical dominance of Geneva County was never more evident than in the second half. Elba had the edge in time of possession in the first half (12:34 to 11:26), but in the second half Geneva County had a huge advantage as it owned the ball 17:41 to only 6:19 for the Tigers. In the fourth quarter Geneva County had the football for 10:30 and snapped the ball 20 times, compared to only 1:30 of possession for the Tigers, and only 6 snaps. Elba played well enough to stay in the game, but in the end the Tigers still had plenty of heart, just not enough energy.

I know a few Elba Tiger fans are disappointed with the way the season has gone, but no one is more disappointed than the players and coaches. They always seem to have a plan every week trying to come up with a game plan that will lead to a win, and after three losses in a row, sweat starts on Friday nights, are more dispirited than anyone in the stands after suffering yet another loss. I encourage the Elba fans to give the players and coaches the support they so richly deserve, and let'em know that as long as the effort is there, the support will be loud and will be on their side of the field!

NEW BROWNTON IS ONLY AREA TEAM TO TASTE VICTORY

The high school football regular season reached its halfway mark last week, and in week #5 play only the New Brownock Gamecocks were able to post a win in area action with it coming at the expense of another area squad. Here's a quick look back at the week that was...

ZION CHAPEL (3-2) scored early and often to ambush the Zion Chapel Rebels 45-7. The Gamecocks used a 1-2 punch of Lee Flowers and Jason McKenzie to score almost at will against the out-manned Rebels, and also showed they could put the ball in the air as Kellen Cole had a completion for 67 yards. The New Brownock offense appeared to be running on all cylinders, and for the first time this season the Gamecocks were at full strength on the offensive side of the ball. The Gamecocks also flexed their muscles on defense, and have quietly become one of the top defensive units around. Look out, the Gamecocks are beginning to make their move!

*****ZION CHAPEL (0-5)** never had a chance in their big 47-0 loss to cross-county rival New Brownock. The Rebels had the heart, they just didn't have the talent to get a win against a team with as many weapons as the Gamecocks. Zion Chapel will get a much needed week off this week, and maybe the Rebels can use the time to rest up and get ready for the final four games of the season, a couple of which they should have a real chance of winning. Keep the faith, Rebels, the season still a long way from being over.

*****KINSTON (0-5)** scored early to pull even in its homecoming battle against G.W. Long, but was simply out-classed in its 32-6 loss to the Rebels. The Bulldogs play hard on every play and quit it is not in their vocabulary; however, this season they are just a few players short of having the talent to win against many of the teams in the 2A ranks. The Bulldog players and coaches will keep working hard, that is a fact, and maybe before long that attitude and work ethic will pay off.

*****BRANTLEY (4-1)** saw its undefeated season come to an abrupt end Friday night when the Bulldogs were knocked off by cross-county rival Luverne 12-6, in Brantley. Both teams were highly-ranked and confident going into the game, and while the game did get a little sloppy at times as the teams combined to lose six fumbles and commit 20 penalties for 212 yards, it was a real battle between neighbors. It will now be interesting to see how the Bulldogs will bounce back from the loss. They have a big area game this week against Frisco City, and may have big games left against 2A power Highland Home, 3A power St. James. The road doesn't get any easier for Brantley, but then championships aren't earned without challenges.

TOUR OF STATE REVEALS UP AND DOWN WEEK FOR PREPS

The fifth week of the season has come and gone and that means that the regular season is already half over. The cream always rises to the top, and after five weeks, here is a look at what has risen in the various classes...

*****CLASS 1A - Top-ranked Verbena** fell from grace with a 28-21 loss to #8 Notasulga, while Parish went to 5-0 with a big 33-6 win over Sullivan and American Christian continued to roll with a 49-20 win over Phillips. The teams to watch at the midway point in the season appear to be Parish, American Christian, and Waller and Brantley.

*****CLASS 2A - Top-ranked Clay County** improved to 5-0 on the season with a 41-6 romp past Talladega Central, while #2 Lineville improved to 5-0 with a 39-8 win over Millry. The teams to beat in 2A appear to be Clay County, Lineville, Hazelwood and Marion County.

*****CLASS 3A - Top-ranked Colbert County** got knocked off by Deshler 28-14, while #2 Aliceville rolled over West Lowndes 46-6 and #3 Briarwood dumped #7 St. James 35-9. The teams that have stepped forward in this class appear to be Colbert County, Aliceville, Briarwood and Ashville.

*****CLASS 4A - Top-ranked Alexandria** moved to 5-0 with a 35-6 win over Southside, while #2 Dasher ripped Colbert County 28-4 and #3 Midfield pounded Chilton County 44-7. Teams to keep an eye on in 4A appear to be Alexandria, Dasher, T.R. Miller and W.S. Neal.

*****CLASS 5A - Top-ranked Blount** improved to 4-0 with a 27-0 win over Daphne, while #2 Sylacauga dumped Talladega 56-0 and #3 Athens

Shades Valley 34-17. Teams to watch in the 5A ranks appear to be Blount, Sylacauga, Gadsden and Russell County.

*****CLASS 6A - Top-ranked Tuscaloosa County** moved to 5-0 on the season with a 31-21 win over Hoover, while #2 Vestavia Hills ripped Auburn 42-13 and #3 Tuscaloosa Central fell to Clarke County, Georgia, 17-0. Teams to watch in the 6A ranks appear to be Tuscaloosa County, Vestavia Hills, Opelika and Murphy.

ELBA JUNIOR TIGERS REMAIN UNBEATEN ON SEASON

The Elba Junior Tigers moved their record to 3-0 last week with an exciting overtime win over Andalusia, and the success of the 7th and 8th grade Tigers have Tiger fans looking ahead and hoping that maybe this bunch can help Elba return to the top of the ranks in Class 3A. The Tigers came from behind in the win, held off a late surge near their own 40-yard line, and then won in overtime against a very good team. The Junior Tigers are at a disadvantage at times when they compete against other teams with ninth graders in the lineup, but it has made little difference as they have rolled to three straight wins. The junior high program is the key to success at the high school level, and it looks like the junior high program has finally turned itself around and turned back into a winning program. Keep it going, you are the future for the Tigers!

ONCE OVER, NOT ALWAYS SO LIGHTLY...

***Alabama's 42-6 loss to Arkansas Saturday night was the worst loss for the Crimson Tide in 41 years, and had one Birmingham sportswriter writing that "If the season is going down the tubes... perhaps (Tyler) Watts should get a chance." Teams always get too much credit when they win and too much criticism when they lose, and while Saturday's loss to Arkansas was humiliating, the Crimson Tide fans have to remember that this is the same team that went 4-7 a year ago, and that the program has finally turned the two early-season wins. Hey, Bama can't be as bad as it looked!

***Now that the Major League baseball season has reached the playoffs, it might be time to watch a few games involving a team other than the Braves and Cardinals. I am an American League fan from way back and think the division series should be fun to watch with teams like Texas, Cleveland, Boston and New York. The one team that one would say the Yankees will coast to the World Series, however, I think is the Rangers. They could be the surprise team in the quartet, and look for a really good league series. Over in the National League, the Braves and Astros have to be the favorites to advance to the league finals, but San Diego has some quality pitching, and who ever survives the wild card race could make some noise. I believe the Astros are the favorites, but ever count out the Braves.

***Elba's Ronald McKinnon continues to be one of the best kept secrets in the NFL, and after three games the former Elba Tigers standout has already made 30 solo tackles and recorded one sack for a 19-yard loss. McKinnon told me during the off-season that it is the fact he is from a small school (North Alabama) that he hasn't received the media attention, or big bucks, of other players. However, McKinnon will be an unrestricted free-agent at the end of the '98 season, and you have to believe that the other teams in the NFL know about the Arizona standout and will be willing to pay him what he is really worth. Good luck, Ronald, and keep playing well. Elba is mighty proud of everything you do!

FLORALIA 20 KINSTON 8

The Gamecocks have won three straight after a disappointing 0-2 start, and this week they will head down to Samson to tangle with a hurt, but gang of Samson Tigers. If the Gamecocks let the Tigers 1-4 record fool them, they could be setting themselves up for a major surprise. The guess here is that Branton will be ready.

NEW BROWNTON 27 SAMSON 6

Sunday the prognosticator said the best picks were yet to come. Only time will tell.

ELBA VS. GENEVA

The Tigers have stumbled out of the gate with an 0-4 record, while the Panthers have regrouped after a slow start and won their last three games by a combined score of 141-13. Elba has improved each and every week and will be at home; however, after the Panthers swim up the Pea River they will be ready to eat, and this week the main course could be Tiger meat!

BRANTLEY VS. FRISCO CITY

A lot of people make their living betting on the Whippets as they run around the dog tracks in the state, but this week they might consider betting on the slow dogs from Brantley. The Panthers host the Whippets from Frisco City. Brantley won't be in any mood to be pleasant guests after last week's loss to Luverne, and could lit up the scoreboard.

FRISCO CITY 14 BRANTLEY 18

KINSTON VS. FLORALIA

The winless Kinston Bulldogs will take the bus down to the state line Friday night to tangle with the unbeaten Florala Wildcats, and while the game might not be as one-sided as many may think, this will be one of those times in which the 'Cats get the better of the 'Dogs.

FLORALIA 40 KINSTON 8

GENEVA 21 ELBA 20

The Elba Tigers saw their victory drought continue Friday night as the Geneva County Bulldogs rallied late in the third quarter to grab the lead and then played "keep away" with the Tigers in the final stanza to hold on and post an exciting 21-20 win in Hartfort.

The loss dropped Elba's record to 0-4, while Geneva County improved to 5-0 with a win.

Neither team could mount an offensive threat on their initial possession of the game; however, a 24-yard punt return sparked the Bulldogs midway through the opening stanza and led to the first points of the night.

The Geneva County scoring drive covered 28 yards in five plays and was aided by two penalties against the Tigers. The touchdown came on a 5-yard scamper by Clinton White, and the extra-point try failed.

The Bulldogs converted a 20-0 lead into a 21-0 lead in the third quarter.

The Tigers scored one play later on a sneak by Bradley Bowers, and although the extra-point failed, Elba was back on top 20-14 with 3:27 remaining in the third quarter.

Geneva County was down, but not for long, as the Bulldogs took the ensuing kickoff and marched 57 yards in 5 plays to move back on top in the see-saw battle.

The touchdown came when Michael Ward took a hand off on a reverse and raced 50 yards into the endzone.

The Bulldogs converted a 20-14 lead into a 21-14 lead in the fourth quarter.

The Tigers went three and out on their ensuing series, but the same was certainly not true for the Bulldogs, as Geneva County went on a 15 play march that ate up 8:25 off the clock. The Bulldogs converted on a two fourth down plays during the long, time-consuming drive, with the key play in the drive being a fake punt on fourth down and three that resulted in a six-yard gain and kept the drive alive.

The touchdown came on a 13-yard pass from Bradley Bowers to Eric Jordan and Jordan tackled on the extra-point as Elba moved ahead 17-14 with 8:36 remaining in the half.

Geneva County was determined to get the lead back, and did so on its ensuing possession as the Bulldogs marched 58 yards in one drive, 21 plays to get back into the endzone. The extra-point was true, with 22 still left in the third quarter Geneva County was up 21-20.

New Brockton spans Zion Chapel 47-0

By Kelyn Williams and Josh Lewis,
Sportswriters

The New Brockton Gamecocks carried their two-game winning streak up the road to Zion Chapel Friday night and easily extended their victory march to three games as they spanked the out-manned Rebels 47-0, at Green Memorial Stadium.

New Brockton kicked off to open the game, but got the ball right back on a Rebel fumble, and needed only one snap to get into the endzone as on their first play from scrimmage Jason McKenzie took a handoff and raced 27 yards for a touchdown. McKenzie also crossed the goaline on the second point conversion, and with 10:34 still left in the first quarter the Gamecocks were already on top 8-0.

The Gamecocks began their second offensive series at their own 30-yard line following a boomer 44-yard punt; however, they had little trouble covering the distance to the endzone and quickly added to their lead!

A 24-yard run by Jason McKenzie on third down kept the drive alive early, while Lee Flowers added a 34-yard scamper during the march and Kellen Cole notched the touchdown on a 5-yard dash. The extra-point try failed, but with 6:06 remaining in the first quarter the rout was on as New Brockton lead off and running with a 14-0 lead.

The Zion Chapel defense showed signs of life on the ensuing Gamecock possession as Marcus Taylor sacked Cole for a big 12 yard loss, only to see the Gamecocks again come through on third down, this time when Cole hit Charlie Driggers with a 63-yard pass that put the Gamecocks at the ZC 4-yardline. Lee Flowers darted into

the endzone one play later, and Robbie Kinsaul booted the extra-point as the Gamecocks increased their lead to 21-0 with 2:05 remaining in the opening stanza.

The Rebel offense moved the chains on its next possession behind the running of Josh Grantham and Jeremy Brey, but the dogged drive bogged down near midfield, and the Gamecocks struck again as on the final play of the first quarter Lee Flowers fielded the kick at the 15-yardline and raced 85 yards for another New Brockton touchdown. The extra-point try failed; however, it made little difference as the Gamecocks were in command with a 27-0 lead with 10:22 left in the second quarter.

The Gamecocks put the ball in at midfield after a Rebel punt, and this time marched 50 yards into the endzone to blow the game wide open!

A 9-yard run by Lee Flowers on third down was a key play early in the scoring march, while a 16-yard scamper by Kellen Cole enabled the Gamecocks to close in on the goaline. An apparent touchdown was nullified by a penalty; however, the flag only delayed the Gamecock TD, as New Brockton came right back and got back into the endzone on a 14-yard run by Jason McKenzie. Kinsaul added the extra-point, and with 4:39 remaining in the first half New Brockton's lead stood at 34-0.

New Brockton received the second half kick and drove 72 yards to add to its ever-increasing lead.

A 9-yard run by Pete Harrison and a 13-yard scamper by Lee Flowers were big plays in the scoring march, which was capped off by a 5-yard touchdown run by Harrison. Kinsaul again booted the extra-point and the Gamecocks lead increased to 41-0 with 7:05 remain-

ing in the third quarter.

Zion Chapel's Josh Grantham ripped off a pair of 11-yard runs on the Rebels' next two possessions to move the chains, but the Rebels lost fumbles on both possessions to kill their hopes of getting on the scoreboard.

Zion Chapel recovered a fumble of its own early in the fourth quarter, and behind the running of Marcus Taylor and Jeremy Brey began a march toward the New Brockton goalline. The Rebels got as close as the Gamecock 3-yardline, but turned the ball over on downs as their final chance at getting into the endzone went by the board.

New Brockton regained possession with 3:46 left on the clock and moved to two first downs before punting with time quickly running out.

Zion Chapel called for a fair catch on the punt, but the ball bounced off the hands of the Rebel receiver and the Gamecocks' Lee Flowers scooped up the fumble and raced 44 yards for the final points of the game as New Brockton posted the 47-0 win.

Lee Flowers gained 90 yards on 7 carries and scored 3 touchdowns to lead the Gamecocks, while Jason McKenzie added 87 yards on 9 carries and scored 2 touchdowns, and Pete Harrison gained 33 yards on 4 carries and scored 1 touchdown. Kellen Cole hit on one of two passes for 67 yards and added a rushing touchdown in the Gamecocks' offensive explosion. Jeremy Brey gained 43 yards on 10 carries and Josh Grantham added 42 yards on 13 carries for the Rebels.

The New Brockton defense was paced by Charlie Driggers and Pete Harrison with 6 tackles each, while Josh Davis added 5 stops.

Bulldogs drop homecoming tilt to G.W. Long Rebels 32-6

By Chad Simmons, Sportswriter

Homecoming '98 did not go as planned for the Kinston Bulldogs Friday night, as despite the defense showing a new intensity, the Bulldogs once again gave up too many points and found their way to the endzone only once in a 32-6 loss to the G.W. Long Rebels.

G.W. Long failed to move on its first possession, and began its second series at its own 6-yardline, but marched the length of the field on the second series and scored a 2-yard dash by Moses Coleman, and it was Coleman that again reached paydirt later in the stanza on a 30-yard dash as G.W. Long went in at the half with an 18-6 advantage.

Kinston's Bishop Edwards returned the second half kickoff to the Bulldog 40-yardline to put Kinston in excellent field-position, but the 'Dogs failed to put together

a drive, and on the next Kinston possession the Bulldogs lost a fumble to set the Rebels up in scoring position. Lorenzo Williams reached the endzone on a 28-yard run as Long took a commanding 26-6 lead.

Kinston threatened on its next possession, as a long kickoff return by Ricky Morris and a penalty against the Rebels put the Bulldogs in business at the G.W. Long 40-yardline. The Bulldogs got as close as the Long 25, only to see a pass interception end the scoring threat.

The Bulldogs hopes for a big win failed to last for long, as the Rebels added two scores in the second quarter to regain the lead. The first score of the quarter came on a 2-yard run by Moses Coleman, and it was Coleman that again reached paydirt later in the stanza on a 30-yard dash as G.W. Long went in at the half with an 18-6 advantage.

Kinston's Bishop Edwards returned the second half kickoff to the Bulldog 40-yardline to put Kinston in excellent field-position, but the 'Dogs failed to put together

the ensuing kick and put together their only scoring drive of the night as they marched 65 yards to reach paydirt.

A key play in the scoring drive was a pass from Bishop Edwards to Jamie Lunsford that gave the

a drive, and on the next Kinston possession the Bulldogs lost a fumble to set the Rebels up in scoring position. Lorenzo Williams reached the endzone on a 28-yard run as Long took a commanding 26-6 lead.

Kinston threatened on its next possession, as a long kickoff return by Ricky Morris and a penalty against the Rebels put the Bulldogs in business at the G.W. Long 40-yardline. The Bulldogs got as close as the Long 25, only to see a pass interception end the scoring threat.

The Bulldogs hopes for a big win failed to last for long, as the Rebels added two scores in the second quarter to regain the lead. Southern Heritage theme of new writing contest

"The Enterprise State Junior College and Troy State University Dothan Creative Writing Clubs have established the Southern Heritage Writing Contest to be launched this month," says Chelle Barney, chairperson of the contest committee. "Our committee has worked hard to bring about a contest for the Wiregrass Area that features poetry and short storyless essay contests. An impressive array of prizes worth a total of nearly \$1,000 from local merchants and businesses will be divided among first through third place winners in both categories."

The contest deadline is October 16 says Barney. Interested persons should submit three copies of their entries with a cover sheet for each entry. The person's name, address, telephone number, last four digits of the Social Security number, and the name of the work should be placed on a cover sheet. On the pages of the entry itself, only the initial of the contestant's last name followed by the last four digits of his/her Social Security number should be placed in the upper right corner, as an identifier.

A \$5.00 processing fee must accompany each entry. Checks may be made payable to the Southern Heritage Writing Contest. Fees along with entries should be mailed to: Southern Heritage Writing Contest, c/o Montez Vickers, Enterprise State Junior College, P.O. Box 1300, Enterprise, AL 36331.

All entries must be typed, with short stories double-spaced.

There is a maximum limit of 100 lines for each poem, and 2,500 words for each short story. Amateur writers are invited to participate. There is no age limit. There are no age categories; all entries will be judged on an equal basis. Only unpublished works will be considered for the competition.

Authors will retain all rights to their work. "The winners will be announced Thanksgiving Week.

CITY (Continued from Page One)

members a report of the extensive overtime put in by city employees immediately after the March flooding.

However, several scheduled capital expenditures show zero at this time. Levee improvement was scheduled for a \$50,000 city match. This was paid by state funds. City

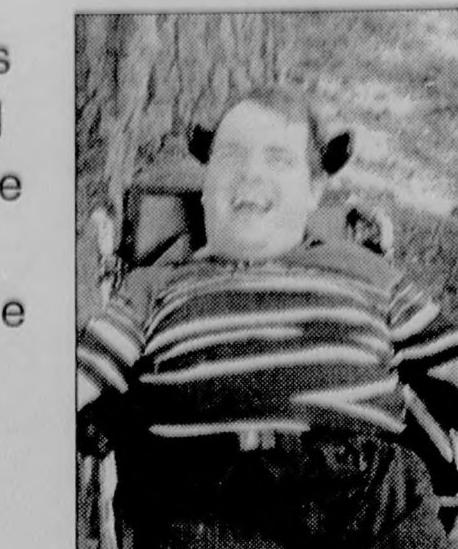

Hall renovations are still ongoing and that \$40,000 has not been spent yet. Also showing zero is a \$40,000 matching grant for the recreation department. Adding in these three items would have given a truer picture of the actual flood cost the Elba taxpayers.

Coffee County residents who made the supreme sacrifice for their country.

Below are listed many of the Coffee County citizens who have given their life in defense of freedom. The list is incomplete and your help is needed. The names of all county citizens who died in combat will be displayed prominently in the new Enterprise courthouse. If you know of anyone whose name should be added to this list, please contact this newspaper with that information soon, as plans are underway to prepare the permanent display of these names.

The information needed includes name of the deceased, military rank, which war, date killed, branch of service and address (i.e. Enterprise, Elba, Kinston, New Brockton, which war, date killed, branch of service and address (i.e. Enterprise, Elba, Kinston, New Brockton,
